HISTORY

HOW IT ALL BEGAN

- 2003** → **Founding of the European Primary School Glauchau**
First school with a future-oriented, globally minded & multilingual approach
- 2009** → **Founding of Saxony International School – Carl Hahn gGmbH**
All existing schools were taken over by the new educational provider
- 2021** → **Founding of SIS Cairo West**
The success of the schools in Germany confirmed the founders' vision, leading to the opening of SIS Cairo West as the first SIS international school

MISSION & VISION

→ „BILDUNG FÜRS LEBEN“
EDUCATION FOR LIFE

→ „UNSER FELD IST DIE WELT“
OUR FIELD IS THE WORLD

We want to prepare our young learners to face this ever-evolving and constantly changing world with **confidence**. For us, holistic education means learning with **head, heart, and hands**.

OUR CONCEPT

- SOCIAL COMPETENCE
- MEDIA COMPETENCE
- ECONOMIC COMPETENCE
- LANGUAGE COMPETENCE
- GENERAL EDUCATION

Based on the educational and curriculum guidelines of Saxony, supported by international standards and scientific research, our students are being prepared for life and global competition.

LANGUAGES

GERMAN | ARABIC | ENGLISH

CHINESE | SPANISH | FRENCH

German is the main language. With native speakers in every class, the children learn the language in a natural way → **IMMERSIVE LEARNING**

In addition to German, the children also learn **Arabic**, **English**, **Chinese** from Kindergarten and **Spanish** starting from Grade 2. SIS Red Sea will additionally offer **French**.

- **Focus: Playful learning**

SCHOOL:

Curriculum of Saxony
Sächsischer Lehrplan

- Saxony has the best education system in all of Germany, according to a recent survey
- **SIS is strongly oriented towards the curriculum of Saxony and complements it with additional insights and methods.**

SOL – SELF ORIENTED LEARNING

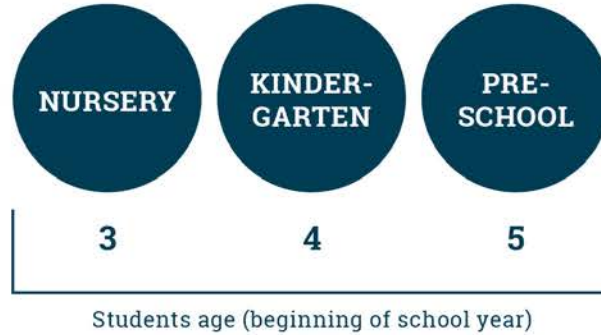

- Combines lectures, structured input sessions, and digital materials within a **learning management system (LMS)**
- Students receive **task packages** and work **independently** or in teams to deepen their understanding
- Peer learning is encouraged – **students help each other**, while teachers act as mentors / guides
- High-performing students progress faster and receive additional, challenging tasks (**differentiated learning**)
- SOL is already **well-established at SIS schools in Germany** and will be **gradually** introduced at SIS Red Sea

DIGITAL LEARNING

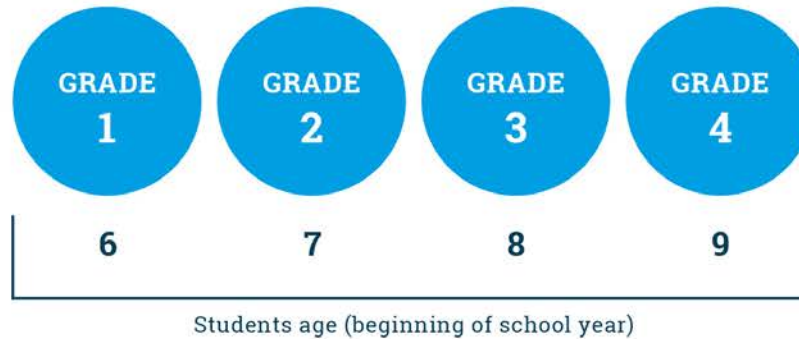

- Traditional books will be used at the beginning to create a **familiar and comfortable learning environment**
- **Digital textbooks and laptops** will be slowly introduced after the first year – giving students time to settle in
- A long-term **digital concept** will be implemented **gradually** and thoughtfully
- At **SIS schools in Germany**, students use their own laptops starting in **Grade 2** and at **SIS Cairo West**, laptops are currently introduced from **Grade 3**
